Areas of Interest

- Artificial Intelligence
- Machine Learning.
- Statistics
- Algorithmic Programming
- Operating Systems

Internship Experience

- **Teacher Training at SVGM School:** July 2022
Hands-on teaching experience spanning six months was acquired by me in the high school setting. Diverse student populations were successfully engaged with, and dynamic lesson plans tailored to various learning styles were developed and implemented. Adaptability and effective classroom management were demonstrated, ensuring the maintenance of a conducive atmosphere for student growth and academic achievement.

Technical Skills

- Programming Languages : C, C++, Python
- Engineering Software : Google Collab, GitHub, MATLAB
- Other Software : Microsoft Word, PowerPoint, Excel, Jupyter Notebook, Visual Studio

Positions of Responsibility

- **Coordinator, Organising Committee, Open Air Session:**

March 2021

Worked as a Coordinator of Organising Committee of Open-Air Session, at college festival. I lead that program by managing promotional activities, treasury dept & prepared the whole fest plan.

Extracurricular Activities

Community Service:

- Over the past 3 years, I was engaged in providing quality education to underprivileged students free of cost.

Social Activities:

- A volunteer under the animal welfare & environmental protection/plantation program, which aims at spreading awareness about being kind to everyone & protecting the mother earth.
